

Thankyou everyone for making **Camp CONSTRUCT-ED** the fabulous week that it was!!!!

There is much to celebrate from this experience. We trust that you will have all enjoyed stories in your homes from what your kids enjoyed, found difficult, felt inspired and challenged by. Thankyou all those of you who contributed and participated. Awesome SASsy mob!!!

We will hope to share with you soon the kids' reflection and thinking that has been documented. Sonia and Deb have put together a survey, on Survey Monkey, that we will really appreciate you responding to so that some of your thoughts and opinions are recorded.

It has been great to hear responses, from new parents particularly, of how much they enjoyed the whole school camp experience to feel the sense of connection and community.

Please consider participating in the next Camp Committee.

We will be looking for new staff and parent members to influence camps 2018 and 2019.

Our kids are still CONSTRUCTing . . . and experimenting, and inquiring and demonstrating brilliant attitudes to learning – about themselves, each other and the way things work together.

NAROOMANS all enjoyed a day of experimenting as young scientists for their 'marble jar surprise' last week.

CHICKEN POX has visited itself on many families. The number of children in Coinda this morning is less than 10! This class has the greatest number of kids effected and there are smaller numbers from each of the other classes of older children. Get well soon, we're missing you.

Sadly Kiran has also succumbed to chicken pox and is very unwell. We wish her a speedy recovery.

WHERE IS SHE?

Do you mean Lorraine?

She is taking three days long service leave this week and Bec will be with our Naroomans Monday through to Wednesday.

And then on Friday she will, along with Bec, Kristine and Lola be attending an Early Childhood Conference. (also on Saturday). Austin (known to some of our older kids and families of SAS through Drama classes) will be in Narooma and Gitika in Coinda.

Do you mean Denise?

Denise, with Drew, chair of our School Board, will attend On Board for Governance training Monday and Tuesday, 27th and 28th March. Denise will attend a Network Principals' Meeting Thursday and an update from the Schools Curriculum and Standards Authority, Friday, 31st March.

NEXT MONDAY, April 3rd, teachers will all be working together to participate in reviewing and planning as part of the pulling together of information required for our Independent Public School review. Documentation for this is to be forwarded to the Department of Education Services by April 13th with enough time for the review team to prepare to visit us here on Wednesday and Thursday, 17th and 18th of May. During the planning day:

- Percy will remain with Bungana
- Andrew will be with Bakoolba
- Gitika will be with Coinda and
- Carollyn will be with Narooma.

TERM ONE – who can believe it already! - finishes next Friday, 7th April.

The kids commence **term two** on **Wednesday, 26th April**.

Have a happy Easter and a safe and happy holiday break everyone.
